Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens PocketSmartAI • Selects a planner • Enters budget and preferences	• Provides required details • Submits the planner • AI analyzes budget and preferences	• Reviews recommended items • Compares available suggestions • Checks recommendation history
Touchpoint <i>What part of the service do they interact with?</i>	• Home page • Planner selection • Input forms	• Planner form • AI recommendation interface • Recommendation results	• Recommendation page • Dashboard • History section
Customer Thought <i>What is the customer thinking?</i>	• Can I plan this within my budget? • Will this system understand my requirements? • What options can I choose?	• Are these recommendations suitable for me • Does this fit my budget? • Can I get better options?	• These suggestions match my requirements • I can make my decision more easily. • I saved time and effort.

Customer Feeling <i>What is the customer feeling?</i>	• Curious • Interested • Hopeful	• Engaged • Confident • Satisfied	• Satisfied • Confident • Relieved
Process Ownership <i>Who is in the lead on this?</i>	• User selects the planner • User enters budget and preferences • Frontend validates and collects the requirements	• Backend processes user inputs • Gemini AI analyzes budget • AI generates personalized recommendations	• User reviews recommendations • User compares suitable options • User uses the recommendations to make the final decision
Opportunities <i>How can we improve this stage?</i>	• Add more planner categories • Provide clearer input guidance • Add budget suggestions	• Integrate real-time product prices • Provide more recommendation options • Improve AI Personalization	• Allow users to save favourite recommendations • Provide direct purchase/service links • Add Comparison Features
