

Code-Layout, Readability and Reusability

Date	01 October 2026
Team ID	SWTID-2026-8779
Project Name	PocketSmart AI – Your Smart Budget & Recommendation System
Maximum Marks	5 Marks

Code-Layout, Readability and Reusability:

- Structured and organized code layout.
- Clear naming and consistent formatting.
- Reusable functions reduce code duplication.
- Easy to maintain and extend.

Code Layout Checklist:

S.No	Code Quality Parameter	Description	Followed (Yes / No / Partial)	Remarks
1	Consistent Indentation	Uniform spacing/tabs used throughou the code	yes	Consistent indentation and spacing are used.
2	Proper File Structure	Files and folders are logically organize	yes	Files are organized into templates, static and application files.
3	Meaningful Variable Names	Variables reflect their purpose clearly	yes	Variables and functions use descriptive names.
4	Function / Method Names	Functions are descriptively named	Yes	Functions are named according to their purpose.
5	Code Comments	Inline and block comments explain log	partial	Comments are added where necessary.
6	Modular Design	Code is split into reusable functions/module	Yes	Planner and recommendation features are separated into modules.
7	No Redundant Code	Duplicate or unused code is removed	Yes	Unnecessary and duplicate code is avoided.
8	Error Handling	Exceptions and errors are handled gra	Yes	Input validation and error handling are implemented.

Reusable Components / Modules:

S.No	Component / Module Name	Language / Technology	Where Reused	Reusability Level (High / Medium / Low)
1	Budget Planner Module	Python / Flask	Home, Party and Jewelry planners	High

2	Recommendation Module	Python	All planner recommendations	High
3	History Module	Python / Flask	Recommendation history	Medium
4	Authentication Module	Python / Flask	Login and Registration	High
5	Common UI Components	HTML / CSS / JavaScript	All pages	High

Overall Code Quality Assessment:

Aspect	Rating (1-5)	Comments
Code Layout & Structure	4	Files and modules are organized clearly.
Readability	4	Descriptive names and simple structure are used.
Reusability	4	Common functionality is reused across planners.
Documentation / Comments	3	Important functions and logic are documented.
Overall Score	4	Code is structured, readable and maintainable.
